Delivery ex works Wrexham

The Conflex adjustable sew in hook has become the most popular way to hang curtains today. This hook is adjustable in steps of 5mm and the hook can be detached from the runner and be re-attached with ease,

Conflex is a world wide brand name, developed in the Netherlands by Wybenga Machines, and have undergone a strict testing procedure with the following test results.

Our sew-in-hook has the following technical characteristics:

- High pulling power (tested by TNO) 
- Synthetic material (no stretch whitening)
- UV-resistant
- Wash proof (up to 40 degrees Celsius)
- Adjustable in steps of 5 mm

Product information :

The innovative adjustable sew-in-hook is available in 3 sizes: 55mm, 75 mm and 95 mm. Available on a spender strip of 100 pieces. Packed per 5.000 pieces in a box (20 boxes per pallet).

We are the sole agent for the CONFLEX Brand for the UK and Ireland.
